## BRIDGE QUESTION SETTLEMENT NEAR

It's Now Up to Trempealeau County and Dispute Bids Fair to End Soon

## ROAD EXPERT BEFORE BOARD

Tells Process to Secure State Aid and Urges that Good Roads Be Pushed

A committee was yesterday appointed by the board of supervisors of La Crosse county, at their regular meeting yesterday, to confer with the authorities of Trempealeau county on the McGilvray bridge matter, in an effort to have them bear half the expense of repairing the bridge and its approaches. If the committee is unable to move the authorities of the neighboring county from their present stand of absolute indifference, a petition will be circulated among the farmers near the McGilvray road and bridge, in compliance with the new law recently passed by the legislature regarding bridges over streams which are county boundaries, and the bridge will be closed. It was at first intended, in a resolution fathered by Oscar Hulberg, to close the bridge pending the settlement of the matter by the committee, but as this was illegal, it was decided not to take this course unless Trempealeau county authorities refuse to do the right thing.

**Val Keppel Opposed**  
The chief opponent of the action taken by the board was Supervisor Val Keppel. He declared that the right method to be pursued was to first discover if, as he had been told, the town of Caledonia had spent town funds in helping build the approach to the bridge, and then taking legal measures to force the county and town to bear their share of the expense of repairs and upkeep of the bridge.

It was announced at the meeting that since the passage of the new law, and the subsequent announcement that La Crosse county would close the McGilvray bridge unless Trempealeau county undertook to do their share, the town of Caledonia has come forward and offered to build a concrete approach on their side of the bridge if La Crosse county would repair the span.

## Arguments Long

The matter was only adjusted after a lengthy argument, in which it was stated as the opinion of all that the bridge was at present in horrible condition, and really dangerous to life. Mr. Hulberg declared that every day that the bridge was repaired the county was running risks of having heavy damages to pay, and that they were extremely lucky to have come out so far with no suits. He declared that the way he asked for was the quickest way to get the matter settled one way or the other, and that it was absolutely necessary to either repair the bridge or else close it.

An appropriation of \$200 was also voted to strengthen and repair the other bridges over the marsh along the McGilvray road, in order to allow the farmers to use the road in hauling their hay.

The committee which was appointed, and which consists of Supervisors Keppel, Gullickson and Hulberg, will investigate to discover whether the county of Trempealeau or the town of Caledonia in any way officially recognized the McGilvray bridge, and if they find record of any such action they have been instructed to initiate legal proceedings to force Trempealeau county to bear its half of the cost of maintenance.

## Road Expert Talks

State Highway Commissioner A. R. Hirst discussed the new state highway law, which was enacted at the last session of the legislature, and explained its bearings on the supplying of state aid to towns and counties for road improvement.

He explained the various provisions of the law, the most interesting of the new provisions being as follows:

All plans for county bridges must be approved by the state highway commission.

Each county is required to plan a system of prospective state highways.

The state will pay one-third of the cost of building roads, and two-fifths of the cost of building bridges. The remainder of the cost is divided equally between the county and the township in which the work is carried on.

Any group of free-holders who want a road, can force the county to build it, and obtain state aid, by appropriating themselves one-sixth of the cost.

La Crosse county is entitled to \$5,400 of state aid under the provisions of the act.

If the state aid in any year is not sufficient to give each township in any county all that it desires the county board can appropriate the

## MAIN IS FILLED WITH SEWAGE

Sandbar Threatens to Clog Intake Also, Asserts the President of the Board of Public Works

## COMMISSION PLAN NEEDED

Water Department Head Says He'd Quit in Twenty Minutes if This Were Adopted

President of the Board of Public Works James T. Day wants advice. He confessed this morning that he was undecided as to what was necessary to take care of the intake problem, and he wants all of the wise guys who know something to tell him what they would do in the emergency.

The trouble is with the intake pipe. Mr. Day was down at the river all day yesterday with City Diver Hoffman, and he claims that he has found a big bar, reaching from the bridge down to the intake pipe, which he declares is growing, and which will in time get to the mouth of the pipe and clog it. Less than two months ago the pipe was clogged with sand, and the supply cut off. At that time it was cleaned, and a space of four feet was left between the bar and the mouth of the intake. Something must be done to keep the bar from clogging the pipe again, and Mr. Day this morning admitted that he was unable to tell what course to pursue.

## Pumping Sewage

Another thing that Mr. Day declares is bothering him a great deal is the fact that the water which the city is pumping into the mains is impure, and polluted with sewage.

"It repeats," he said this morning, "the conditions about which so much fuss was made a year ago. We had to cut the intake recently and now the mouth of the pipe is in near shore, in the eddy that was the cause of so much agitation at that time. The sewage is still there, and I have been expecting for a week to have someone come and kick to me. Nobody did it, and I am going to start it myself."

Mr. Day declares that it is probable that the city may be able to get through the summer with the pipe in its present position, but he declares that there will be a great deal of trouble when ice starts to form on the river in the fall. The sandbar is so near the surface that he fears that the pipe will get clogged by the ice, and "gum up" the water system. Mr. Day is up in the air, and declares that he would quit his job in twenty minutes if they would take the water system out of politics, and put it under the charge of a commission.

## PEORIA RACES OPEN

IDEAL WEATHER CONDITIONS CAUSE PREDICTIONS THAT WORLD'S RECORDS WILL BE BROKEN

PEORIA, Ill., July 26. — With weather conditions today which boatmen declared to be ideal, world's records were expected this afternoon when the big boats met in the free-for-all in the second day's program of the third annual regatta of the Western Power Boat association. The distance is twenty-five miles, and the race was scheduled to start at 2:30. The Disturber II, which has been undergoing minor repairs, was ready. Red Top III will attempt to retrieve the western championship, while Carl G. Fisher, with the Eph, believes he can trim the field.

Sand Burr II, owned by A. K. & C. D. White of Atlantic City was a favorite for the 26-foot class race of 15 miles at 3:30 today by reason of its showing yesterday when it won both the 20-foot and 32-foot class contests, breaking a world's record and all western marks. Although only a 20-foot boat, it cleaned up the field in the 32-foot race, making 31.71 miles an hour and set the world's mark when it negotiated the ten miles in the 20-foot race at the rate of 30 miles an hour.

Today there was scarcely a trace of the wind which delayed yesterday's start of the race until 5:30.

## POPE GROWS WEAKER BUT IS IN NO DANGER

ROME, July 26. — Confidential reports from the Vatican today say that the pope is weaker and his condition worse. His physicians have diagnosed his immediate trouble as laryngitis and announced today that his holiness was in no danger.

## FOUR ACCUSED OF THEFT

Emil Pazour, Pat Ryan, George Smith and James Callahan, charged with the theft of a jack knife, razor and \$3 in cash from William Schnitz, which were found locked in a tool box yesterday on the north side, were arraigned before Judge Brindley this morning, and the case was adjourned until tomorrow afternoon.

## GEORGE SPEECH IS SANCTIONED

Conservative Englishmen Shocked by Announcement of Chancellor's Coming Appointment

## FLEET PREPARES FOR WAR

Situation Over Moroccan Affair Grows Acute; Squadron Cancels Its Cruise to Norway

LONDON, July 26. — In the announcement made semi-officially that David Lloyd-George, the radical Welsh leader at present chancellor of the exchequer, may soon become secretary of state for foreign affairs, conservative Englishmen received a distinct shock today. It was at once realized everywhere that George's speech of last week, in which he practically served notice on Germany that England would not tolerate German aggression in Africa, had official sanction.

Realizing this fact, the nation was more inclined to accept today the cancelling of the Norwegian cruise of the Atlantic fleet, as an act of war preparation. Not that immediate hostilities are feared, but that the government is leaving no precaution untried to have the country prepared in advance should hostilities materialize. It is accepted as a fact that the crisis arising from the Moroccan situation and the general friction between Germany and Great Britain is more acute than anyone has heretofore considered possible.

## Thrust at England

It is an open secret that the government considers the Agadir incident as a thrust against England rather than against France. England, consequently, is really directing the French side of the Franco-German negotiations in which no progress is being made.

Premier Asquith announced today that he will discuss the Moroccan complications in the house of commons tomorrow. Much anxiety is felt regarding what the premier will say.

## Von der Goltz Returns

BERLIN, July 26. — Field Marshal Von der Goltz has cancelled his proposed trip to Constantinople to observe the maneuvers of the Turkish army. It was announced today. His decision is generally attributed to the tenseness of the Moroccan situation.

Following are the points leading to European crisis in the Moroccan situation, which is a "battle of commercial interests of four nations"—France, Germany, Spain and England.

Spain owns narrow fringe along the Moroccan coast. France nominally, is mistress of all territory east and south of Morocco. Keenest rivalry exists in extending their respective "spheres of influence."

1903—France loans the sultan 7,500,000 francs.

1904—French government arranges for French syndicate to make big loan to Morocco. Spain and France sign agreement not to extend "spheres of influence."

1905—Sultan rejects French demand for permission to establish more military posts and for French officers to command sultan's troops.

1905—Germany demands that "open door" be maintained in Morocco. Germany extends commercial influence. Offers big loan. Resented by Spain and France. Acute crisis. Algeiras convention of powers called. Emperor William strings army along Rhine, presumably engaged in maneuvers. Insists on German attitude. Forces retirement of M. Delcasse. French foreign minister. Agreement signed.

1911—Spain and France extend military lines. Moors resent aggression. Tribes revolt. Germany sends gunboat Panther to Agadir to "protect interests." France resents. England backs up France.

## 100,000 DESTITUTE AS RESULT OF FIRE

CONSTANTINOPLE, July 26. — Wholesale arrests were made today as a result of the series of incendiary fires which destroyed many thousand houses and buildings since Monday. Scores have been jailed in connection with an alleged reactionary plot for a revolt, or which the fires were a part. An attempt early today to blow up one of the powder magazines was frustrated. It is estimated that 100,000 persons are destitute as a result of the fires. The sultan has subscribed \$12,000 to the relief fund.

## CHICAGO FOOTPADS ARE VERY POLITE

CHICAGO, July 26. — Two polite and well-dressed holdup men terrorized the north side last night and today eleven victims are doing everything in their power to aid the police in their search for the affable footpads. Two victims were compelled to deliver while out walking with their wives. Considerable sums, besides diamond studs and rings were taken. Nine others were held up singly. In ever case the robbers were agreeable and seemed to regret the trouble they were causing.

## AL G. EDDY WILL LEAVE LA CROSSE

Route Agent for Wells-Fargo Express Company Promoted to Superintendent

## GOES TO DES MOINES, IOWA

Prominent La Crosse Man to Have Charge of Interests for That State

The appointment of Alfred G. Eddy, 118 South Eighth street, to be superintendent of the Iowa division of the Wells-Fargo Express company, with headquarters at Des Moines, was officially announced today.

Mr. Eddy has served as route agent of the company, with headquarters at La Crosse, since May 1, 1909, and has been in the employ of the company in various capacities for several years.

Coincident with the announcement of Mr. Eddy's appointment came an official statement of what lines are included in the Wells-Fargo extension of service to take place August 1, 1911. In addition to the Missouri Pacific, Texas & Pacific, Iron Mountain & Southern, International & Northern, St. Louis Southwestern (Cotton Belt), and Wabash lines, the Wells-Fargo company will also supersede the Pacific Express company on all of the remaining routes, including the Wheeling and Lake Erie and the Ann Arbor roads.

As a result of the taking over of the express business of these lines new divisions have been created and the La Crosse man was chosen for one of the most important superintendencies.

While the departure of Mr. and Mrs. Eddy will be regretted by their friends here, Mr. Eddy's elevation to a position of greater importance and responsibility is the inspiration for congratulations on all sides.

## AMERICAN STIRS PERSIA TO DEFENSE

TEHERAN, July 26. — Hundreds of volunteers were enrolled today for the defense of Teheran and the maintenance of the constitutional government, as a result of the activity of Morgan Shuster, the American financial adviser to Persia.

The cabinet asked Shuster to help the government prevent Mohammed Ali Mirza, the deposed shah, now marching upon Teheran, from regaining the throne. Shuster today virtually took charge of the work of establishing an adequate defense and quietly stirred up the apathetic officials to resist the former shah.

His proposal to enroll a volunteer force was quickly adopted.

## TRUSTS IN COMBINE

HARVESTER COMPANY ACCUSED OF BEING OFFSPRING OF STEEL MERGER BEFORE COMMITTEE

WASHINGTON, July 26. — That the Harvester trust, which levies tribute on every farm in the country, is but an offspring of the Steel trust, was the charge developed at the Stanley Steel investigation committee today.

With Commissioner of Corporation Henry Knox Smith on the stand Chairman Stanley sought in vain to secure information about an "iron-brother agreement embracing rebates and reduced prices," between the two trusts, railroads and express companies. He instructed Smith to ask the president for permission to give the committee all data secured by the bureau of corporations as to the relations of the two concerns.

The close relations of the two companies were shown by evidence that Judge Elbert H. Gary, Norman B. Ream, George W. Perkins and George F. Baker, all members of the finance committee, of the steel trust were also members of the Harvester company.

## CHIEF RANGER COMING

High Chief Ranger Hemmington of the Foresters, Milwaukee, will attend the meeting of the north side lodge Monday night.

## GLASS IN FOOT FOR FOUR YEARS

A piece of glass about two inches long was yesterday removed from the right foot of Joe Spears, after he had carried it for nearly four years. Spears ran the glass into his foot while wading in the river, when he stepped on a broken bottle. The wound healed and no attention was paid to it, but of late it caused him great pain. Dr. Callahan yesterday opened the old wound and discovered the glass.

## TAFT SIGNS THE CANADIAN PACT

Reciprocity Agreement Officially Waits Action of Canada to Be Effective

## TWO SECTIONS IN MEASURE

First Sets Forth Articles Sent Out; Second Those Coming In

WASHINGTON, July 26. — The final chapter in Uncle Sam's part in the Canadian reciprocity agreement was concluded at 3:12 this afternoon when President Taft formally signed the engrossed copy of the measure, to which Vice-president Sherman and Speaker Clark had attached their names earlier in the day.

"There, it's done," said the president, with a sigh of satisfaction as he blotted his name. Secretary of State Knox echoed this exclamation.

Early in the day, President Taft purchased a gold mounted fountain pen. It was with this that he signed the agreement, calling Senator Penrose (Rep., Pa.) to his side. When he finished his signature, he gave the pen to Penrose, asserting that the Pennsylvania senator deserved great credit for his work in pushing the agreement through the senate.

Present when the measure was signed were: Secretaries Knox and Nagel; Penrose and Representative Littleton (Dem., N. Y.).

Just when the Canadian reciprocity agreement will become operative, now that it has been finally ratified into law by congress and President Taft, was a question upon which there was a division of opinion among authorities here today.

As agreed to, the measure contains two sections. The first sets forth the dutiable and free list articles to be sent under the terms of the bill from this country to Canada, and the dutiable and free lists of articles sent from the dominion to the United States.

## Free Entry into U. S.

The second section provides for free entry into the United States, from Canadian provinces that do not enforce any export tax or other restrictions, on shipments to the United States, of wood, pulp, news print and other paper, and paper board manufactured mainly of wood pulp and valued at not more than four cents a pound.

Senator Reed Smoot (Rep., Utah), one of the highest authorities on the tariff in the senate, today asserted that the first section of the bill could not take effect until it had been passed by the Canadian parliament.

"As to section," he said, "there is a strong opinion among senators that it will take effect on the passage of the bill by congress, even if Canada, at that time, has taken no action on the reciprocity measure."

In the first section of the agreement is a provision setting forth that the dutiable and free lists of articles from Canada "shall take effect whenever the president of the United States shall have satisfactory evidence and shall make proclamation" that the dutiable and free lists of the United States goods sent to Canada are recognized by the dominion.

Section 2 of the United States bill is a plain statute that requires no action by the president to carry it into effect.

Senator Nelson (Rep., Minn.) has said it is "utterly outside the scope of the reciprocity agreement."

The opinion of Senator Cummins (Rep., Iowa), was thus expressed: "The difficulty about the present arrangement is as the senator from Minnesota has said. For some reason or other the house has segregated section two from the remainder of the bill, and it is doubtful whether it will be controlled by the provisos and the conditions of the previous part of the bill. If it is not so controlled then it is not reciprocal, and we would be in danger of the favored-nation clause."

An apparent defect in the United States bill was pointed out by some Senators. If Canada should, some day, repeal the Canadian bill, the United States law would remain in force until congress could take action.

It was several times suggested that the bill be amended so that it would be automatically repealed in the event of the repeal of the Canadian law by the Ottawa parliament, but the general belief was that the conditions under which it might operate to the disadvantage of the United States were beyond the range of possibility.

## DVORAK LAID TO REST

The funeral of Wenzel Dvorak, the pioneer grocerman who died on Sunday was held at 8 a. m. today at the St. Wenceslaus church with Rev. N. Till conducting the services. The pall bearers were M. J. Bezpalet, Frank Liskovec, John Kuranz, Louis Prucha, Frank Kreutz and Mat Buzek. Interment was made in the Catholic cemetery.

## TAFT ENDORSED BY NEBRASKANS

Regular Faction in Complete Control of Convention; Administration Is Praised

## LA FOLLETTE MEN LOSE

Little Comfort for Followers of Wisconsin Senator in Formation of the Platform

LINCOLN, Neb., July 26. — There is scant comfort to be gleaned today by La Follette followers from yesterday's state platform. No effort was made by the Taft regulars to inject into the resolutions an out and out endorsement of the president's second term aspirations, for the manifest reason that Nebraska now has a presidential primary law and the voters will instruct the national delegates next April at the polls, but the Taft faction was in complete control of the convention and complimented Taft highly in the following terms: "Rejoicing in the glorious record of the republican party, which has given the nation the illustrious names of Lincoln, Grant, Garfield, McKinley, Roosevelt and Taft, and reaffirming our devotion to republican principles, we, the republicans of Nebraska, congratulate the country on its continued peace, progress and prosperity under the wise guidance of our republican president."

"The arbitration treaties whose negotiation he has inspired mark a notable step toward world peace and in only lesser degree was his tactfulness in maintaining neutrality and avoiding international complications during the revolution in Mexico. He is proving his devotion to the right policy of conservation of our natural resources. He is instituting reforms in the administration of the government which make for economy and efficiency. We have every confidence in the unselfish patriotism and conscientious devotion to public duty of William Howard Taft and we heartily endorse his statesmanlike administration."

## WISCONSIN AVIATOR STARTLES RESIDENTS

ST. LOUIS, Mo., July 26. — As Florissant, St. Louis county, awakened today, it was greeted by an aviator, weighing about 200 pounds, circling the town and making daredevil turns over residents' homes. For five minutes, he entertained the town, and then flew back to Kinloch field, covering more than two miles in about nine minutes. The aviator was an amateur, W. S. Adams of Riverton, Wis.

## CONNEAU FLIES BEST

FRENCH NAVAL OFFICER WINS \$50,000 AVIATION PRIZE IN CIRCUIT OF ENGLAND

BROOKLANDS, Eng., July 26. — Acclaimed as the greatest master of the air, Lieutenant Conneau, the dashing French naval officer who has leaped to the front of aerial navigation by his daring work, was given one of the greatest ovations ever received by a foreigner when he won the Daily Mail's \$50,000 prize today for a circuit flight of England, and Scotland.

All of the honors of the great race went to Conneau and his fellow countryman Vedrines, who finished second. All the other aviators were distanced. Both were in fair condition although stiff from confinement in their aeroplanes and nerve racked by bucking the winds and storms.

Lord Northcliffe, owner of the Daily Mail presented one thousand dollars to Vedrines as a special consolation prize.

Not in years has the victor of an event received the ovation that greeted both Beaumont and Vedrines when they alighted here. Beaumont planned to the field from a height of 1,000 feet, and despite the presence of a powerful guard of police, was lifted from his seat and carried to the club house on the shoulders of his enthusiastic admirers.

When Vedrines arrived he was given a similar ovation. He broke down completely and wept when he learned that Beaumont was the winner of the race. Later he recovered his composure and congratulated his fellow countryman.

The total flying time for Beaumont was 22 hours, 28 minutes, for the 1010 mile race.

Vedrines covered the 950 miles from Hendon via Edinburgh to Brighton in 22 hours, 55 minutes.

## FLAG DAY AT EAU CLAIRE

The officers of the baseball association and fans of La Crosse have been officially invited to attend flag day at Eau Claire, which is to be held Tuesday, Aug. 1, by the officers of the Eau Claire Baseball association.

## CRAZY INDIAN SHOOTS EIGHT

Hindu Mad Man Runs Amuck in Crowded Loop District of Chicago

## WOULD ASSASSINATE TAFT

Police Believe Maniac Had Designs on Life of President; Will Go to Asylum

CHICAGO, July 26. — That President Taft may have been slated for death by an insane assassin's bullet is the belief of the Chicago police today, following the action of M. Husain, 25, a Hindu, who yesterday ran amuck in front of the Chicago Opera house, in the packed Loop district, shooting eight persons with a deadly Mauser army rifle.

The Hindu, unquestionably insane, though lucid most of the time, admitted today in one of his quiet moments that he expected to go to Washington and lay his fancied grievances before President Taft and demand redress.

"I took the law into my own hands here," he said, "and I would have done so in Washington."

None of the Indian's victims, it is reported at the hospitals, today, is in a serious condition except Archie Hunt, a contractor, whose leg bones were so shattered by one of the steel-jacketed bullets that amputation may be necessary.

Husain probably never will be sent to trial in the criminal courts, physicians having pronounced him a hopeless paranoiac. He will probably be sent to a mad-house at once.

A national agitation to prevent the further sale of deadly army rifles by department stores is likely to be taken up by police chiefs all over the country as a result of yesterday's shooting.

According to Assistant Chief Schuetler, discarded rifles from all over the world are being sold for a few dollars in all the large cities.

"These rifles," said Schuetler, "carry steel jacketed bullets that will kill at a mile. They are worthless for hunting and no good for ornaments. Thousands of foreigners—many of them anarchists—have secured these rifles, and in riots and strikes they would prove frightful weapons against the police who are not armed nearly so well."

Husain, member of a noble family of high caste in India, today talked rationally of the cause of the shooting. Here he said people would have nothing to do with him, calling him a negro. He declares he has been persecuted all over the country.

A physician examined him today. A large scar was found on his head. He explained this had been a fracture. Four years ago in India he had a rival for a beautiful woman. They fought and his opponent lay him low with a club. The authorities believe this injury affected his mind.

After a conference with U. S. Immigration inspectors this afternoon, Police Inspector Hunt announced that Husain, as an alien subject of Great Britain, would be deported to some English port, throwing the expense of caring for him on the British government, instead of sending him to an insane asylum in this state.

## TWENTY BOUND OVER

George Twedt, charged with non-support of a child, was bound over to await the action of the circuit court, by Judge Brindley this morning. Twedt has served one sentence on the same charge.

## WEATHER

For La Crosse and vicinity: Fair and warmer tonight and Thursday. For Wisconsin, Minnesota and Iowa: Fair and warmer tonight and Thursday.

Temperatures in La Crosse during the past 24 hours: Highest, 65; lowest, 48.

**Weather Notes**  
Very little precipitation has fallen during the past 24 hours and that has been confined to the upper Mississippi valley, lake region and south Atlantic and west gulf coasts. The weather is fair this morning in all sections except in southeastern Texas where it is raining. The temperature has risen throughout the north-west, fallen along the north Pacific coast and remained nearly stationary elsewhere. An area of low pressure, central in the northwest, will cause higher temperature in this section tonight and Thursday with fair weather.

## FINDS HER BABY DROWNED

WATERTOWN, S. D., July 26.—Two little bare feet above the water in a small rain water tank ended the search of Mrs. J. M. Rose for her two year old baby boy when she missed him this morning. Called to the front door for a few minutes, the mother went back to find the baby gone. For twenty minutes she hunted through the block, and only by chance passed the tank with only nine inches of water in it. The little hands still clutched the pail and spoon they were using in the making of mud pies, and the child had probably gone to the tank to fill the pail with water when he fell in and was drowned.

## WISCONSIN NEWS

## WIFE AND BOARDER HELD FOR MURDER

MILWAUKEE, Wis., July 26.—Following the brutal murder of Stephen Novkovic, Forty-first street and Grand avenue, whose body was found horribly slashed in a vacant lot at Forty-eighth street and Pabst avenue early Monday morning, Mary Novkovic, a boarder in the Pavlov Mravovic, are held at the central police station charged with murder in the first degree. An inquest will be held at 9 a. m. this morning.

A story of betrayed fidelity, an undesirable husband and the pleadings of a woman that her husband be killed is related in confessions which Chief Janssen says were made by the alleged murderer and his accomplice Tuesday morning.

Unable to resist the pleading of the woman, with whom he admitted he had been intimate during the five months he boarded at her residence, Mravovic said that he had finally wavered and under her influence and direction had promised to slay her husband.

## MILWAUKEE TO FORCE LARGER POPULATION

MILWAUKEE, Wis., July 26.—The population of the city of Milwaukee will be brought too near the 500,000 mark, if a campaign launched at a conference before Mayor Sel-del yesterday, is successful.

The conference originally was called to consider the question of annexing Greystone Park to the city, but during the discussion, sentiment developed and plans were proposed, the ultimate result of which will be the acquisition of the city by annexation of all the thickly populated districts now lying outside the city limits.

In compliance with the plans discussed, Alderman Samuel Wright and Alderman August E. Braun will introduce resolutions at Monday's common council meeting to notify all users of city water now outside the city limits that in case they oppose annexation to the city, their water supply will be cut off immediately.

## WHEELBARROW FOILS ELOPEMENT PLANS

ST. LOUIS, Mo., July 26.—A wheelbarrow, six long blocks and a girl's trunk spoiled the elopement plans of Miss Maude Le Grand, an East St. Louis school teacher, and Clarence Bayley, a Zion City, Illinois, pedagogue.

Thomas Le Grand, father of the young woman, appeared on the scene while the youthful Lochinvar was trundling Miss Le Grand's trunk in a wheelbarrow to an automobile which he had left six blocks from the Le Grand residence in Freeburg, Illinois.

Just why Bayley did not motor up to the Le Grand residence in the car and effect a piratical dash for the trunk is a matter of conjecture.

## FORT DODGE WOMEN DECIDE ELECTION

FORT DODGE, Iowa, July 26.—Women held the balance of power in the city election here to determine the question of issuing \$125,000 worth of bonds to build a municipal hydro-electric power plant and water filtration system, according to an analysis of the result today. The proposition was defeated by a majority of 177 and practically everyone of the 856 women who cast a ballot voted against the measure. Bad drinking water would result from the new plant, said the women.

## U. S. STEEL DIVIDEND

NEW YORK, July 26.—The U. S. Steel corporation declared the regular quarterly dividend of 1 1/4 on the preferred and 1 1/4 on its common stock. The report for the quarter ended June 30 last showed net earnings of \$28,108,520; surplus after charges and dividends \$1,869,177. The net earnings for the quarter ended March 31, were \$23,519,203. For the same quarter the surplus was only \$31,155.

## PAYMASTER FIGHTS OFF FOUR ROBBERS

WHEELING, W. Va., July 26.—William H. Werker, former president of the Fifth district Ohio Mine Workers of America, now paymaster for the Glens Run Coal company was held up Tuesday afternoon by four men, a few miles north of Martin's Ferry, Ohio, while on his way to Rush Run to pay off the miners at that place. Werker carried \$5,000 in cash. In a pistol duel, which followed the attempted hold-up, Werker was shot, but the wound is not considered serious. The four would-be robbers escaped without obtaining the cash. A posse is in pursuit.

## BLACK HANDER CAUGHT?

CHICAGO, July 26.—Felix Piloti, an Italian, chemist and teacher of languages, arrested yesterday on a charge of intimidation, is believed by the police to be one of the heads of the Black Hand in Chicago. He was remanded to jail until August 2. The charge was made on information furnished by A. J. Ignazio Sotosanta, who alleges that Piloti demanded \$2,000 under threat of blowing up his store. When Sotosanta declared Piloti was only bluffing and nothing of the black hand, Piloti told him of a flat that was marked. When this building was blown up, Sotosanta notified the police.

## OLD OFFICERS ARE RE-ELECTED

North Side Carnival Company Will Hold Big Event if Expenses Can Be Raised

The North Side Carnival association last night re-elected the officers who have served during the past year. Henry Baum was again chosen president, and A. A. Gibson, secretary. The meeting, in addition to electing officers, discussed the proposition of holding a north side carnival this year. After a good deal of discussion it was decided to leave the matter uncertain until the north side merchants who will directly profit by it had been given a chance to subscribe part of the expense of the affair. A final answer will be given tonight to the representative of a carnival company, who was at last night's meeting.

## HOODOO CAR GETS ANOTHER VICTIM

While making the last trip around the loop on the north side last night, car No. 42, the "hoodoo" of the La Crosse Street Railway company, in charge of Motorman Fred Pagle and Conductor, Herbert Lucas, collided with a horse and buggy driven by Mr. Miller, a farmer residing in Smith's Coulee. The accident happened about 11:15 at the corner of Gillette and Loomis streets just after the car was rounding the curve at the corner of Loomis and Sill.

The horse was going at a good pace headed east when the collision occurred. When Motorman Pagle brought the car to a stop the horse was lying senseless, turned directly in the opposite direction. Mr. Miller was picked up within eighteen inches of the wheels of the car tangled up in the harness with his right side badly bruised. The buggy was viewed by many north siders this morning. It presented a delapidated appearance with two wheels and the thills shattered to splinters. Plemox Eng, one of the passengers in the car, took Mr. Miller to the Goddard Hotel, where his wounds were dressed.

This adds another to the long list of accidents which are credited to car No. 42. It seems as though this car is doomed to participate in all the smashups on the street railway system.

## NORTHSIDE CARNIVAL UP TO CAR COMPANY

The North Side Amusement association held a meeting at the butcher shop of Henry Baum last night to decide whether or not it would be advisable to hold a carnival this fall. Mr. J. D. Wright, a representative of the Cosmopolitan Shows, is in the city conferring with the Rose street merchants. The Cosmopolitan Troupe No. 2 showed here last year. Mr. Wright proposes to bring Troupe No. 1 here this fall and promises it to be the best in the business. In the first ballot, by a vote of 7 to 1, the merchants decided not to hold a carnival this year; but after reconsidering the question they decided to appoint several members of the association to confer with the La Crosse Street railway company regarding a liberal donation, since the railway company receives the biggest profits during carnival week. If no agreement can be made with the company there will be no carnival on the north side this fall.

Anybody can do the obvious, but the occult isn't so easy!

## China to Have Airships.

China's military councilors and the minister of war have decided in a conference to send officers to England to acquire technical knowledge of air machines to enable them to construct and to fly airships on return to China.

## "JIP" IS DEAD

"Jip" is dead. Who is "Jip"? He is the best known dog on the north side. Early this morning Mrs. J. H. Bristow, 611 St. Cloud street, on opening the back door of the house, saw her large Newfoundland lying dead in the yard. "Jip" has been the errand boy of the household for ten years. Every merchant on Rose street knows him, for he was always ready to go to any store when told and would come back with his little basket full of parcels. Whenever change was to be made, he never would leave until it was put in his basket. Symptoms show the dog poisoned. This is the fifth valuable dog on the north side poisoned in as many weeks. Mrs. Bristow is greatly grieved over the loss of her dog and will prosecute the offender, if caught, to the fullest extent of the law.

## U. S. COAL DUTY IS TO BE TAKEN OFF

WINNIPEG, Man., July 26.—After a meeting continuing until nearly midnight representatives of the Board of Trade, of Alberta, Saskatchewan, and eastern British Columbia cities failed in their conference with the miners and mine workers to bring them together and end the coal strike which has almost paralyzed the fuel burning industries of these provinces, and forced residents to face a winter fuel famine.

The gathering of business representatives passed a resolution approving of the majority arbitration board which has been turned down by the union. The miners said: "Give us higher wages."

To relieve the situation the dominion government will this week announce that the duty will be taken off United States coal for six months.

## ROHRER FUNERAL IS HELD TOMORROW

The funeral of Mrs. Josephine Rohrer, who died Sunday morning at her home, 512 Sumner street, will be held tomorrow afternoon from the German Lutheran church at 3 o'clock. Interment will be made in Oak Grove cemetery. It was announced by mistake in yesterday afternoon's Tribune that the funeral would be held this afternoon.

## Punished for Yawning.

When Henry Brown of Brockton, Mass., awoke the other day he yawned, tried to close his mouth and could not. He had fractured his jaw. With his mouth wide open he walked more than a mile to a physician's office and had the fracture reduced. As he was leaving the office his jaws unlocked again. Finally he was placed under ether and the jaw permanently fixed.

## The Resemblance.

The Little Chap—"We're getting up a tug-o-war between the married and single men. You're married, aren't you?" The American—"No—I've just been seasick, that's why I look that way!"—London Opinion.

## Rich Uncle.

Young Doctor—Hello, old chap! Don't believe I have met you since we were boys at school. You're looking prosperous.

Young Lawyer—Yes; a rich uncle died two years ago and I came into possession of nearly \$100,000.

Young Doctor—Why, I wasn't aware you had a rich uncle.

Young Lawyer—Oh, he wasn't my uncle. He was the uncle of one of my clients.

## Ambiguous.

When "Bob" Burdette was addressing the graduating class of a large eastern college for women, he began his remarks with the usual salutation, "Young ladies of '97." Then in a hurried aside he added, "That's an awful age for a girl."

## SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped

There is one place where bald-headed men shine, and that is in the front row seats of the theater. If these baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent, O. T. Erhart, 520 Main street.

Man's Many Warts.  
How many ways there are in which  
our peace may be secured, besides  
actual want! How many comforts do  
we stand in need of, besides meat and  
drink and clothing! Is it nothing to  
"administer to a mind diseased"—to  
be a wounded spirit? After all other  
difficulties are removed, we still want  
some one to bear our infirmities, to  
impart our confidence to, to encourage  
us in our hobbies (say, to get up and  
ride behind us), and to live with us  
all our faults.—Hazlitt.

The Human Frame.  
A physician says that the human  
frame may be compared to a watch,  
of which the heart is the main spring,  
the stomach the regulator, and what  
we put in it the key by which the  
machine is wound up. According to the  
quantity, quality and proper digestion  
of what we eat and drink will be the  
pace of the pulse and the action of  
the system in general. If the machine  
is disorganized, the same expedients  
are employed for its adjustment as  
are used by the watchmaker.

Fruit Trees on German Roads.  
Fruit trees are planted by the road-  
side in parts of Germany. But not, as  
might be supposed, for the sake of  
the appetites of the passing traveler.  
The trees are watched closely, and at  
the end of the season the fruit is sold.  
The amount stolen is very small. The  
warning is succinct, but the result  
being merely the words "the tree is  
injured no tree," posted at intervals  
along the road.

Under Different Circumstances.  
The young bank clerk who had  
home to his parents. "You will give  
a brief letter this week," he said.  
"as I am very busy, owing to the fact  
that we are short-handed in the bank  
just now. One of the cashiers has  
gone to France for a rest. The other  
has come there to avoid it."

Love can not be confined to a fact  
the average man can't even con-  
fine his to one woman at a time.

**AD'S MANAGER IS  
AFRAID OF PACKEY**

SAN FRANCISCO, Cal., July 26.—  
Tom Jones, manager of Ad Wol-  
gast, whom many sporting writers  
here say opposes the Wolgast-Mc-  
Farland Milwaukee fight with all  
the vehemence he could use, is now  
on his way east, having seen a great  
light. Before he left, he tried to per-  
suade the sporting writers, to whom  
he had opposed the match, that they  
did not understand him correctly.  
He said his only objection was to  
permitting McFarland to weigh in at  
133 at 3 p. m. instead of 5 o'clock.  
Jones' advice to Wolgast in the mat-  
ter of matches is given often and  
never accepted. The Michigan wild  
cat has a mind of his own.

## HARDWARE MEN AGREE TO CLOSE

Six O'clock on Week Days,  
Seven on Mondays, and  
Nine on Satur-  
days

The retail hardware dealers of La  
Crosse have entered into an agree-  
ment on closing hours to comply  
with the new fifty-five hour law  
on clerks.

The following agreement was  
drawn up and signed this morning:  
"We, the undersigned, retail hard-  
ware dealers of the city of La Crosse,  
Wis., agree to close our stores on  
Monday at seven o'clock and the  
balance of the week at six o'clock  
with the exception of Saturdays,  
which on that day we will close at  
nine o'clock.

"We agree to be closed all day  
the following holidays: New Years,  
Fourth of July, Thanksgiving day  
and Christmas, and to close at 12  
o'clock on the following holidays:  
Decoration day and Labor day; we  
will be open all day on Washington's  
birthday.

"We agree to be open until 9  
o'clock on evenings previous to all  
holidays with the exception of De-  
coration day and Labor day.

"We will close at 7 o'clock fair-  
week and 9 o'clock the week before  
Christmas.

"This petition will go into effect  
Tuesday, August 1, 1911.

## SOCIETY

Isle o'! Isle o'! Isle o' Rest  
It's the, It's the, It's the Best  
Are we in it, well I guess  
We are living at the  
Isle o' Rest

Was the yell heard at the "River  
Side Camp" when the girls of the  
"Isle o' Rest" cottage entertained a  
party of their friends last Friday  
evening. After a "Big Eat" they ad-  
joined to the camp fire where a  
marshmallow toast was enjoyed.  
During the evening several selec-  
tions were given by the Wesley Male  
quartet and readings by John S. Ot-  
ten. Those present were Misses Ve-  
rena Otten, Bae Romanovsky, Dora  
Kennedy, Mabel Rodemeyer, Grace  
Wallace, Martha Merman, Anna  
Keizer, Florence Rehfs, Sarah  
Mills. Messrs. Amor Anderson, John  
Otten, Russell Oakes, Earl Olson,  
Elmer Tolleson, Earl Lockman,  
Edgar Best, Earl Brandenburg, and  
Wesley Lockman.

**A DAY AT DRESBACH**  
A brave party left here yesterday  
morning on the Otto launch for an  
all day's visit at Dresbach, where  
they were entertained by Mrs. C. M.  
Marsh and daughter, Miss Millie  
Marsh. The affair was in honor of  
Miss Susie Looney and her brothers,  
Jerry and Jennings Looney of Palo  
Alto, Cal. Other guests were cou-  
sins and second cousins and a few  
friends. They were Mr. and Mrs. C.  
Looney and son Charles, Miss  
Slothower and Miss Bessie Slothow-  
er of Dubuque, Iowa; Mrs. Scott and  
grandaughter, Lucille Liddsay of St.  
Louis; Mr. and Mrs. Beard of St.  
Paul; Miss Miriam Harrison of La  
Crosse, and Mr. W. Marsh. A very  
delightful and social day was spent  
and at 9 o'clock the Otto launch was  
again in readiness to bring home the  
happy party. Tomorrow Mrs. Sloth-  
ower will have the pleasure of en-  
tertaining the same crowd, with a  
few variations.

**AT THE COUNTRY CLUB**  
Mrs. Hyslop entertained a party  
yesterday at the Country club at  
luncheon for her friends, Mrs. Mur-  
ray and Miss Vanderhoff. In the af-  
ternoon the party repaired to the  
home of Mrs. Hyslop and engaged in  
cards.

**SOCIAL BRIEFS**  
Mrs. Fleischer, one of the old  
time residents of the city, but for  
the last few years of Sioux Falls, N.  
D., is spending a few days at the  
home of Dr. A. Gunderson.

Messrs. George Van Auken and  
Harold Bryant are spending a few  
days at the Thompson houseboat.

Mrs. Hannah Storkerson left to-  
day for Minneapolis, where she will  
visit Mr. and Mrs. Harvey Storker-

Impressions

## OPEN SEASONS ARE GIVEN

Unlawful to Take Bass  
Less than Ten Inches  
Long; Shipment  
Rules Made

MADISON, Wis., July 26.—(Spe-  
cial.)—A compilation of the Wiscon-  
sin fish and game laws for 1911-12  
was issued today by State Fish and  
Game Warden John A. Shotts. The  
warden called attention to the fact  
that the deer law remains the same  
in that only one deer may be killed  
by a hunter. Reports have been cir-  
culated that the legislature author-  
ized the shooting of two deer and that  
the season was also changed. Deputy  
wardens throughout the state have  
been instructed to make every effort  
to correct the erroneous impressions  
this given.

**Open Seasons.**  
The open season for game is as  
follows: Beaver, protected at all  
times; deer, Nov. 10-30 (protected  
in certain counties); fisher, Nov. 15-  
March 15; martin, Nov. 15-March  
15; mink, Nov. 15-March 15; moose,  
protected at all times; muskrat, Nov.  
15-March 15; otter, Sept. 15-March  
1; rabbit, Oct. 10-Feb. 1; in counties  
of Chippewa, Rusk, Eau Claire,  
Pierce, St. Croix, Portage, Waupaca,  
Richland Center and Waushara,  
Sept. 10-Feb. 1; in counties of Craw-  
ford, Grant, Iowa, Kenosha, Lafay-  
ette, Sauk, Vernon, Door, Bayfield,  
Chippewa, Douglas, Price, Rusk,  
Taylor Racine, Burnett, Polk, Bar-  
ron, St. Croix, Richland, Monroe,  
Winnebago, Langlade, Forest, Flor-  
ence, Shawano, Jackson, Clark, Saw-  
yer, Washburn, Ashland, Buffalo,  
Peplin, Oconto, Adams, Marquette,  
Fond du Lac, Oneida, Iron and Vilas,  
no closed season; squirrel, Oct. 10-  
Feb. 1, in counties of Chippewa,  
Rusk, Eau Claire, Pierce, St. Croix,  
Portage, Waupaca and Waushara,  
Sept. 10-Feb. 1. No open season in  
Waushara county.

**The open season for fish is as follows:**  
Brook trout, April 15-Sept. 1;  
catfish, pickerel (special in local-  
ities), pike, muskallonge, sturgeon,  
May 25-March 1; black bass, large  
or small mouth (special in local-  
ities), June 1-March 1.

**Size of Fish.**  
It is unlawful to have in possession  
at any one time over fifteen black,  
Oswego or yellow bass or to retain  
any bass less than ten inches long;  
all undersized bass must be returned  
to the waters from whence they  
came. It is unlawful to ship any  
variety except lake trout without ac-  
companying shipment, or to sell or  
barter any variety of brook trout, or  
to have in possession more than 45  
trout caught in inland waters during  
any one day of the open season, or  
to take or have in possession or un-  
der control any trout less than six  
inches in length, all such to be re-  
turned to the water without injury.

It is unlawful to take, catch or have  
in possession pike of any variety of  
less than one pound—round or un-  
dressed weight; or any catfish of less  
than one and one-half pounds, round  
or undressed weight, or of any black  
bass less than ten inches in length,  
or any white bass or crappie less  
than seven inches long, under pen-  
alty or imprisonment, or both,  
for violations.

**Old Rules of Shipment.**  
The same law applies to muscal-  
lunge less than four pounds round or  
two pounds dressed weight, and to  
sturgeon less than eight pounds  
round or four pounds dressed weight.  
The old rules as to shipments pre-  
vail.

The open season for upland birds  
is as follows: Grouse, Sept. 1-Oct. 1  
(protected in certain counties);  
partridge, Sept. 1-Dec. 1; plover,  
Sept. 1-Dec. 1; prairie chicken and  
hen, Sept. 1-Oct. 1 (protected in  
certain counties until Sept. 1, 1915);  
pheasant, Mongolian, Chinese and  
English, protected until 1915; quail,  
protected until 1915; woodcock,  
Sept. 1-Dec. 1.

The open season for aquatic fowl  
is as follows: Brant, Sept. 1-May 1,  
except Lake Geneva; duck of all vari-  
eties (including coot or mudhen),  
Sept. 1-May 1; swan, protected at all  
times. The bag limits are: Grouse,  
prairie chicken or woodcock, five;  
geese or brant, ten; partridge, ten;  
wild duck, mudhen, plover, rail or  
rice hen, fifteen; mixed bag of game  
birds, twenty; deer, one. It is un-  
lawful to shoot aquatic fowl one-half  
hour after sunset. It is lawful to  
shoot aquatic fowl one hour before  
sunrise.

Non-residents must pay \$10 to  
hunt small game (fowl or birds),  
and \$25 for deer. Residents of Wis-  
consin are taxed \$1. Male non-resi-  
dents over 16 are required to take  
out a license to fish with hook and  
line in inland waters during the open  
season. The fee is \$1.

Game birds cannot be transported  
unless accompanied by the owner  
and cannot be transported without

SANDUSKY, Ohio, July 26.—Mrs. John Brown, Jr., aged 81, wife of the eldest son of the defender of Harper's Ferry, died today at Put-in-Bay. With her husband she located at Put-in-Bay in 1860, then an isolated place, to escape the southern sympathizers who thirsted for the blood of the sons and allies of old John Brown. She resided there ever since. Her husband died in 1885.

## MURDERER TELLS OF AWFUL CRIME

Man Believed to Have Killed La Crescent Man Confesses to Double Murder

The J. H. Wilson, who is alleged to have confessed to the murder of Archie Coble and his bride of one month is believed to be the man who murdered Will Hill, a former resident of La Crescent, and his family shortly before the horrible murder of the Cobles.

OLYMPIA, Wash., July 26.—Confessing that he is a murderer but declaring that he has no recollection of the crime, J. H. Wilson, section foreman at Ranier, Wash., today detailed to Prosecuting Attorney Wilson how he killed Archie Coble and his bride three weeks ago. The couple were found murdered in their beds, their heads split open with an axe.

"There is no doubt in my mind that I killed the Cobles," he said, "but I don't recall going to their home that night. A week ago I was out walking when I thought I heard a voice say: 'Why don't you kill somebody?' from that time I was haunted, fearing all the time I would commit murder. The night before the Cobles were murdered, I was afraid I would murder some of the men in the section house, so I didn't sleep there. I slept in a tent. "Next day they found the bodies of Coble and his wife and I felt sure I had done it. I had blood in my tent, but I didn't know whether I had had a nose bleed or not. Anyway, I hadn't the faintest recollection of going to the Coble house."

After the Coble murder, Wilson tried to throw suspicion on several men arrested. He tried to incite a mob to lynch one prisoner, John Mulqueen, an aged maniac.

A resolution to appoint a committee to examine into the proposition of building a tuberculosis sanatorium for La Crosse county was laid on the table.

## DELEGATES OFF TO MUNICIPAL MEET

Aldermen Mahoney, Schneeberger and Roellig are today in Superior, attending the thirteenth annual convention of the Wisconsin League of Municipalities. Questions of municipal welfare and betterment are to be discussed, and the aldermen from La Crosse who attend the meeting will be required to furnish the council with a report of the proceedings at the next regular meeting. The convention opened there today.

## REPORT OF DEATHS MUCH EXAGGERATED

"Just say to the good friends who are telephoning Mrs. Derr for information about our double funeral that, as Mark Twain said, 'the report of our deaths was greatly exaggerated,'" said E. H. Derr today.

"The story that appeared in the Leader-Press of our accident was amusingly distorted," continued Mr. Derr. "A tire came off when we were going at a fast clip about a mile and a quarter this side of St. Charles, but there was not the slightest danger."

"The road there is level gravel, and on either side a level prairie stretches some three hundred feet. As I stopped the car within seventy-five feet, it will be seen that we were in no peril of reaching any hill where we might have been spilled."

## NOTICE TO CREDITORS.

Dated this 11th day of July, 1911.

By the Court,

JOHN BRINDLEY, County Judge.

J. E. HIGBEE, Attorney for Administrator.

## NEW EVIDENCE IN BEATTIE MURDER

Automobile Party Sees Couple Standing Near Machine Before Killing

RICHMOND, Va., July 26.—New evidence, tending to support the police theory that Mrs. Henry Clay Beattie, Jr., was murdered while standing in the Midlothian road beside her husband's automobile and not while seated in the car, as Beattie alleges, was developed today.

Eight young men who formed an automobile party on the night of the crime, told the police today that they passed an automobile, apparently stranded, at the exact spot where the pools of blood later gave evidence of the murder. They told the police that a man and a woman were standing beside the machine, the man apparently attempting to repair it. He refused aid. The fixed time as a few moments before that given by Beattie as the time for the murder.

The eight men think the couple were Beattie and his wife.

Another clue is now under investigation. Detectives are searching for another girl to whom it was said Beattie had recently paid marked attentions.

The theory that Mrs. Beattie reproached her husband for his relations with the Binford girl, and threatened divorce on grounds which it was said would have made the elder Beattie disinherit his son, is also being investigated as offering a possible motive for the murder.

## NEW DEPARTMENT AT BARTEL STORE

Mankato Company to Put In Ready-to-wear Section; Own Big Minnesota House

On September 15 the Fred W. Kruse Company of Mankato, Minn., owners of one of the largest and most complete ready-to-wear stores there, will institute a department in the J. Bartel company store at 409-411 and 413 Main street in this city which will be up to date in every respect.

As Mr. Kruse has been in this line of business for a long time and it is a recognized fact that he has met with much success with his store in Mankato, he will surely install a line of goods here which will meet with the approval of local people, as the department will be a credit to this store as well as to the city at large.

The Kruse Company will occupy the east section of the Bartel store with a stock which will be unexcelled in the vicinity. As a proof of this statement the concern proposes to carry a line just as good as the one they have in Mankato, and as this is complete in every detail, their stock is certain to be of the best. E. J. Olson, who has been associated with Mr. Kruse for a long time, will act as the manager of the department, and as both of them have been in this business for many years, Mr. Kruse having had twenty-nine years' experience, this part will be capably attended to.

By opening the store in this city the company will be able to buy in larger quantities and therefore to sell at a low and reasonable price. J. Bartel asserts that the Kruse company will be doing the largest ready-to-wear business in the city within a year, as they will carry everything included in this line and give satisfaction.

Mr. Kruse will be here to see the opening of the store.

The store is being remodeled in order that more floor space may be secured and a new front is also being put up, so that place will be in the best condition possible for the new concern. The Bartel Company will continue its business, occupying one section, while the other is to be used by the Kruse company. I. B. Knuteson, who formerly had a department in this place, has already started a store in Cordelaine, Idaho, and will move out his entire stock.

A lot of reputations have been smudged by so-called white lies!

## Having What People Want

This store is well known for its charming novelties in jewelry.

And doesn't having what people want count as much as having the prices right?

The continuously increasing business of this store is but natural. There's no mystery in the methods that are bringing more and more men and women here to trade.

Better service, more dependable goods, and having what people want, have won.

## BACK COVERED WITH MASS OF PIMPLES

Burned and Itched So He Could Hardly Stand It. Tried Medicines, Etc., Nearly 3 Years. In Eternal Misery. Started Using Cuticura Remedies. Now Has No Sign of Skin Disease.

"My troubles began along in the summer in the hottest weather and took the form of small eruptions and itching and a kind of smarting pain. It took me mostly all over my back and kept getting worse until finally my back was covered with a mass of pimples which would burn and itch at night so that I could hardly stand it. This condition kept getting worse and worse until my back was a mass of big sores which would break open and run. My underclothing would be a clot of blood."

"I tried various blood medicines and other remedies and salves for nearly three years and I was in eternal misery and could not sleep on my back or lean back on a chair. I was finally given a set of the Cuticura Remedies by my brother who recommended them to me very highly. I started using the Cuticura Remedies and inside of two weeks I could see and feel a great relief. I kept on using Cuticura Soap, Ointment and also the Resolvent, and in about three or four months' time my back was nearly cured and I felt like a new being. Now I am in good health and no sign of any skin disease and I am fully satisfied that Cuticura Remedies are the best ever made for skin diseases. I will always recommend them to anybody who will use according to directions. I would not be without them." (Signed) W. A. Armstrong, Corbin, Kan., May 26, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the most economical treatment for affections of the skin and scalp of infants, children and adults. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 25¢ book on the skin, will be sent free, on application to Potter Drug & Chem. Corp., Dept. 27A, Boston.

## WOULD DISCREDIT CHICAGO EDITOR

Lorimer Counsel Introduces Statement Charging the Tribune with Dodging Rent

WASHINGTON, July 26.—In order to discredit the Chicago Tribune, Lorimer's old time enemy, Judge Haney, counsel for the Illinois senator, today introduced in the evidence before the senate investigating committee a long statement made by former Governor Altgeld, in granting pardon to a Tribune employee.

Altgeld's statement attacked the Tribune and its employees, declaring that the newspaper had avoided payment of \$25,000 a year to the school fund for rental of the school land upon which their building was located. Failure to pay its just share of taxes was also intimated in the statement.

Haney asked Keeley many questions to ascertain how it happened that an article saying that Lorimer's national bank would be opened in nine days was placed immediately before Representative White's confession of bribery in the legislature that elected Lorimer.

Keeley explained that he was superintending the make-up of the White story on the paper and that when the story had been placed there remained a hole at the end of it. A printer placed over it an article just long enough to fill it, and Keeley said it was an accident that the item happened to be a notice about Lorimer's bank.

Keeley was also asked many questions about his investigation of White's confession. Haney referred to this as an effort to corroborate White, but Keeley always protested that his only object had been to ascertain whether White's story was true or false.

## BRYAN STILL POWER

PEACE PROGRAM STEAM ROLLERED THROUGH NEBRASKA DEMOCRATIC CONVENTION; HARMON LOSES OUT

LINCOLN, Neb., July 26.—William Jennings Bryan today is still a power in the ranks of Nebraska's democracy. A week ago the Douglas county convention in Omaha adopted resolutions denouncing the three-time presidential candidate for his bolt of Dahlgren, the gubernatorial nominee of last fall, and declared for the nomination of Governor Harmon for the presidency. The intent was plain to force through a similar program at yesterday's state platform convention at Fremont, but the scheme failed, even with Bryan absent from the gathering.

Realizing the folly of inviting further internal warfare, the up-state leaders served notice that the party must bury all tomahawks. The peace program was steam rolled through without a hitch.

A personal representative of Governor Harmon was on the scene, anxious to get an endorsement for the Ohio executive, but Chairman Michael Harrington obtained the adoption of a motion that all endorsements must be filed with the resolutions committee. The latter body was "loaded" and the Harmon endorsement never saw light. One lone delegate, Charles Wooster, an intense anti-Bryantite, sought to attack the "Sage of Fairview" from the floor of the convention, but was howled down and refused a hearing.

The bee that gives us the sweetest of honey carries at the end of his body the original piece of sarcasm.

## HOW TO CURE CORNS

Home Treatment for Foot Troubles Brings Instant Relief

The continued irritating effect of sore feet sometimes involves the whole nervous system, developing nervous disorders. A trouble of this kind should never be neglected. One of the most effective treatments known to science is the following:

"Dissolve two table-spoonfuls of Calocide compound in a basin of hot water; soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) Repeat this each night until the cure is permanent!"

The effect will be a revelation. The pain goes instantly and the feet feel so good you could sing with joy. Corns and callouses can be peeled right off. Bunions are reduced to normal and inflammation drawn out. Sweaty and smelly feet, swollen and tender feet need but a few treatments. Calocide was formerly confined to professional use but can now be bought by the general public. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is said to be sufficient to cure the worst feet.

## LA CROSSE MAN DIES IN WEST

Frank H. Esperson, Native of La Crosse, Succumbs to Pneumonia in Seattle

Frank H. Esperson, a La Crosse boy, and formerly a well known resident of this city, died yesterday from the effects of a severe attack of pneumonia in his home at Seattle, Wash., according to a telegram received by his brother, Arthur F. Esperson, of this city.

Mr. Esperson was a native of La Crosse, having been born here in 1874, the youngest son of Mr. and Mrs. Henry Esperson, who were among the earliest settlers of La Crosse.

He received his education in the schools of La Crosse, and the first position that he occupied as a young man was with the James McCord drug company. He also occupied the position of bookkeeper for the Western Union Telegraph company here, and at various times was the holder of many equally responsible positions.

Six years ago Mr. Esperson left La Crosse, and accepted a position with the Great Northern railway, with whom he was employed until about a year ago, when he entered the cement construction business in Seattle. Since that time he has been a resident of the western city.

The body will be brought here for burial, in the family lot in Oak Grove cemetery. No funeral arrangements have been completed.

## SAYS TWO MEN CAN BRING ON PANIC

Minnesota Progressive Urges Investigation of \$10,000,000 National City Company

WASHINGTON, July 26.—The formation of the \$10,000,000 National City company was made necessary in the belief of the moneyed interests by the decisions in the Standard Oil and tobacco trust cases, was the opinion of Representative Lindburgh (Rep., Minn.), who is now urging action by the house on his resolution for an investigation of the "money trust."

The Minnesota progressive today wrote the following statement for the United Press. "In 1907, it was inevitable that the defects of our financial system should have been put into practical operation by the Morgan and Rockefeller interests. I would not say that they brought on the panic, but it was known by them that the panic was in store and could be brought on at any time."

"Since then there has been a constant concentrating of the great financial institutions under one control. Back of this are the industrial organizations, Standard Oil, steel and the railroads."

"With the decisions of the supreme court in the Standard Oil and tobacco case, it became necessary to readjust matters to some extent, and I believe the formation of the \$10,000,000 corporation by the National City bank was partly due to this necessity. It was this fact, in addition to certain meetings of financiers in Europe, that induced me to introduce my resolution for an investigation of the situation."

"I have not the slightest doubt that the over rests in two individuals in this country to bring about a panic at any time they might choose. This is a power the people of this country can not afford to have exist."

## BABY'S FUNERAL TODAY

The infant child of Mr. and Mrs. J. A. Handel of 1312 Winnebago street, who died last night, was buried at Oak Grove cemetery at two o'clock this afternoon.

## CHOLERA EXPERTS FIGHT EPIDEMIC

Situation in New York and Vicinity Grows Serious; Many Have Been Exposed

NEW YORK, July 26.—The cholera situation in New York and vicinity was admittedly serious today. Two suspects, who may have the disease, were isolated at Bellevue hospital. Ten new cases from a cargo of immigrants that arrived at this port yesterday are in the isolation hospital on Swinburne island. The crew of a big river steamer who were exposed to the infection, are held in seclusion to await the result of bacteriological tests. The state and representatives of the federal medical service are in constant consultation regarding the best means to keep the dread malady under subjection.

The gravest danger arises from the case of Louis Mack, a laborer, who lived in a bowery lodging house. All his symptoms are those of the plague. The state department of health today arranged for a conference of physicians at Albany on Monday. At that time every physician who can be induced to attend will be addressed by cholera experts who will explain how the disease can be diagnosed and treated.

Three Italians, held as prisoners on the steamer Perugia, which arrived from Palermo on July 14, escaped from that vessel last night. They had worked as stevedores in Palermo, where cholera is epidemic, and Dr. Doty, health officer, had ordered them carefully watched after they were found stowed away in the hold of the steamer. They were to have been deported when the Perugia sailed. They got away despite the fact that they were kept in irons. Dr. Doty believed they might be cholera carriers.

## WENZEL FUNERAL IS HELD TODAY

Elks and Members of Other Orders Attend the Last Rites for River's Victim

The funeral of Frederick A. Wenzel, the hat manufacturer who drowned Sunday afternoon at Dakota, Minn., was held at 2:30 this afternoon from the Wenzel residence, 308 South Sixth street.

Rev. Julius Gamm, pastor of the German Lutheran church, delivered the last tribute to the memory of Mr. Wenzel. He spoke with feeling of the sadness of the occasion, and his own personal sorrow at the necessity of participating in the last rites to a man who had always been a warm personal friend. He also comforted the bereaved family with the thought that death was not the end, but merely a step upward to a higher and more lasting life.

The funeral was attended by members of the Elks, Oddfellows, Red Men, and other lodges of which Mr. Wenzel was a prominent member. Ernest Chitel, Louis Silberstein, Ed Neuman, John Malin, C. F. Klein and Andrew Gilbertson acted as pallbearers. Burial was made in the family lot at Oak Grove cemetery.

## FINDS WIFE DEAD

TERRE HAUTE, Ind., July 26.—Returning home after talking to his wife over the telephone, J. R. Conrad found that Mrs. Conrad had been killed while he was talking to her. A thunderstorm was in progress and Mrs. Conrad had been struck by lightning.

## LA CROSSE CLUB LADIES' NIGHT

Tonight one the series of entertainments planned for the ladies will be held at the La Crosse club. These entertainments have been a great drawing card in the past and all have been well attended.

Miss Alma Hosely and Mrs. Eva Bennett, popular La Crosse vocalists, will render solos and music which will be enjoyed throughout the evening.

Refreshments will be served.

Grain Letter

**CHICAGO, July 26.**—Rumors of war scared the shorts today into covering, which forced wheat prices at the opening considerable higher. The incentive was furnished by higher cables. Reports from both Liverpool and Berlin were higher. Noon prices held well, being slightly lower than the opening. Weather was warmer in the northwest, but the war bogey took precedence over heavy local stocks and better weather prospects.

Corn was higher at the opening. This was influenced by the firmer wheat market and comparative light offerings. Shorts bid the prices up, trying to cover and longs seized the opportunity to reap a little profit. There were scattered reports of failure of rains to improve the crop outlook and some early advices of firing of the plant. Noon prices dropped a little from the opening.

Trade in oats was quiet. September displayed considerable heaviness. Several large concerns were fair buyers and a few locals took some because of the corn strength. The

BRENTON PITCHES  
A WINNING GAME

Local Star Strikes Out  
Twelve Surgeons and  
Lets Them Down  
Four to Three

## LOCALS GET TEN BINGLES

Bondies Bunch Their Hits  
in the Fourth and Eighth;  
Deciding Run Made  
in Eighth

In a game that was in doubt until the last man finally struck out, the La Crosse Outcasts won yesterday afternoon, defeating the Rochester Surgeons by a score of 4 to 3. The Surgeons made the first run in the fourth frame but the locals came back in their half, landing on Hannifan for four safe ones and three runs. The score was tied in the eighth but the Bondies again took the lead in their half and the Surgeons were unable to score in the last.

Brenton brought his total number of victories on the home grounds to six by winning yesterday's game. This means that the former Danville artist has won six out of the seven games he has pitched on the local grounds and has an average of .857. During the seven games, Brenton has an average of less than six hits to the game. In yesterday's game he struck out twelve of the Surgeons, sending three to the bench by that route in one inning.

The only game that Brenton has lost in La Crosse was to Red Wing in the early part of the season when his teammates managed to chalk up five errors. Not at all bad for a youngster.

The explanation offered by his team mates for his splendid work is that he doesn't drink, smoke or chew and some even go so far as to say he doesn't even swear. Well, he certainly pitches ball.

The Bondies not only put up an errorless exhibition but also managed to pull ten safe hits off Dr. Hannifan's delivery, bunching them at times when they would do the most good.

In the fourth Jude opened with a single which was followed by a sacrifice hit by Brown. Two passed balls in succession by Wais allowed Jude to cross the plate. A double and a single in the sixth netted the visitors another run, and a walk and a double in the eighth sent the third Surgeon over the plate.

In the fourth inning three singles and a double by the Outcasts sent three runs home and the deciding run was made in the eighth inning on a double by Kernan and singles by Wais and Black.

The Surgeons managed to get a runner to second in the ninth but following this, Black threw two men out at first and Brenton ended up by sending Hannifan to the bench on strikes.

In the sixth inning Kernan reached first on a hit. Hannifan then hit Wais with the sphere and Kernan went to second while Wais started for first, when to the astonishment

of the fans and Billy, the umpire called the delivery a ball. Kernan intended to remain on second but Schuler also declared it was a dead ball as well as a ball and made him return to first. As the two decisions conflicted and the Outcasts were not given a "square deal" by either of them, Manager Bond protested the game. However, as the Outcasts won it will not be necessary to file the protest with the secretary of the league.

Cincinnati, 3; New York, 2.  
CINCINNATI, July 26.—Manager McGraw created a scene in the scene in the fourth inning yesterday when he was put out of the game for disputing a decision at the home plate. Umpire Johnstone had called Capt. Mitchell of the Reds safe at home on the ground that Wilson did not touch him, though the throw beat the runner to the pan. McGraw made a hearty kick and continued it as he went to the bench. He grew so raw that he was finally ordered off the field. Leaving the New York bench, he walked to the plate and shaking his finger under Umpire Johnstone's nose, said so loud that he could be heard all over the field: "The trouble with you is that you've been drunk all season and I can prove it. You're a common drunkard. Look at your red face and that will prove it. You're drunk all the time." McGraw kept up this line of talk for three minutes before he condescended to leave the field. The Reds won the game, 3 to 2, through the excellent pitching of Suggs, who was very strong at critical periods.

Brush has waxed great in the land, has been graduated from a clothing salesman to a seller of stars, and has erected to the lasting honor of his own self the Brush Stadium, the biggest word yet written in baseball. (This isn't unenviable anybody in Pittsburgh, Philadelphia or Chicago—just a word of recognition for the man who did a fine thing first.)

Brush was dealing in genteel garments for genteel Indianapolis away back in the past time, buying at the bottom figure and unloading at the proper profit, and laying up for himself treasures on earth, when along came a chance to get hold of the Indianapolis Club, which he took the chance, became president of said club, and after he'd finished improving the value of his baseball wares, he sold them to John B. Day of New York, taking in a little matter of \$80,000 for putting through the deal.

That was thirty years ago. The following year, Mr. Brush moved on to Cincinnati and shortly came the announcement that the club of that city was hit. He got it for a song, and if you are acquainted with John T., you recall that he is no male Melba, so you may consider the buy in the nature of a bargain for Brush. Cincinnati didn't look like a hundred acres in those days, but the owner went at the stock the same as he had been used to go at the genteel garments. He pressed them in to shape, brightened them up, shook out the bagginess at the knee, sewed the Brush label on all and sundry

dry—and sold out to Garry Herrman for a hundred thousand. Meaning dollars.

Another move he made was even more successful, and that was the purchase of the New York Nationals. Andy Freedman had been running the club, and there had been criticism. Whatever else they say about Freedman, you have to extend it to him for being a game guy as the poet says. Your correspondent saw him turn away a \$7,500 house one afternoon because of certain remarks Freedman considered insulting. Well, anyway, Freedman got out of the publicity of baseball, and Brush got in before anybody knew about it, and has been passing under the alias of Colonel Clean-Up ever since. The take-in at the Polo Grounds has run up as high as \$320,000 for a season.

Brush is frail and bothered with locomotor and the last man in the world you'd pick out as a baseball enthusiast. But that's what he is all right, and if you ever get him to talk at all, that's what you'll get him to talk about. But he won't say anything more than he intends to say, and you can't draw him out. Once, in interviewing him, I prepared a list of twenty questions. "I won't say anything touching on a change of rules," he said at the outset. When he got a question, he thought so long I looked closely to see if he slept. Then, suddenly, he answered. And you could take his speech to the linotype, for he was saying what he meant. And any time a question approached the forbidden subject, he just closed his thin lips tight and never spoke till another question was shot at him. Certainly nobody who knows is going to accuse John Brush of being garrulous.

Tomorrow—John Clarkson, who had everything a pitcher ought to have.

## DIAMOND DUST

The far east is becoming really civilized and Americanized. There was a riot in Honolulu when a Chinese team played a Japanese team. It made Americans feel so home-like.

After Barney Dreyfuss paid \$22,500 for Marty O'Toole, minor league owners began raising prices on their promising players. One minor league pitcher was offered to the White Sox for \$7,500 in money and Lord, Jimmy Callahan and Ping Bodie.

Athletics took a double-header header from the Naps. The world's champions, at home, are only three and a half games now behind the Tigers, who are out for a road voyage.

At that the Tigers seem to have something left. They drove Dolly Gray off the slab and defeated the Senators, 5 to 2. The sick man got two nice hits and stole two bases.

Chalmers will soon take rank with Alexander the Great and the Earl Moore. His one hit game against the Cardinals was a wonder, "cause

them" Cardinals can sometimes stut the ball.

Detroit's cast-off pitcher, George Suggs, took the Giants into camp and dropped them down to third place.

Puzzle: If O'Toole was worth \$22,500 to Pittsburgh, what would Frank Chance give for Luderus, whom he sent away without a trial.

The crack first baseman got three more hits in yesterday's pitchers' battle.

It is with keen regret that it is noted that the eminent Swiss Battery, O'Toole and Kelly, got theirs, the first time out after the big sale.

Indianapolis defeated them, 3 to 1, though O'Toole struck out fourteen players and allowed only five hits.

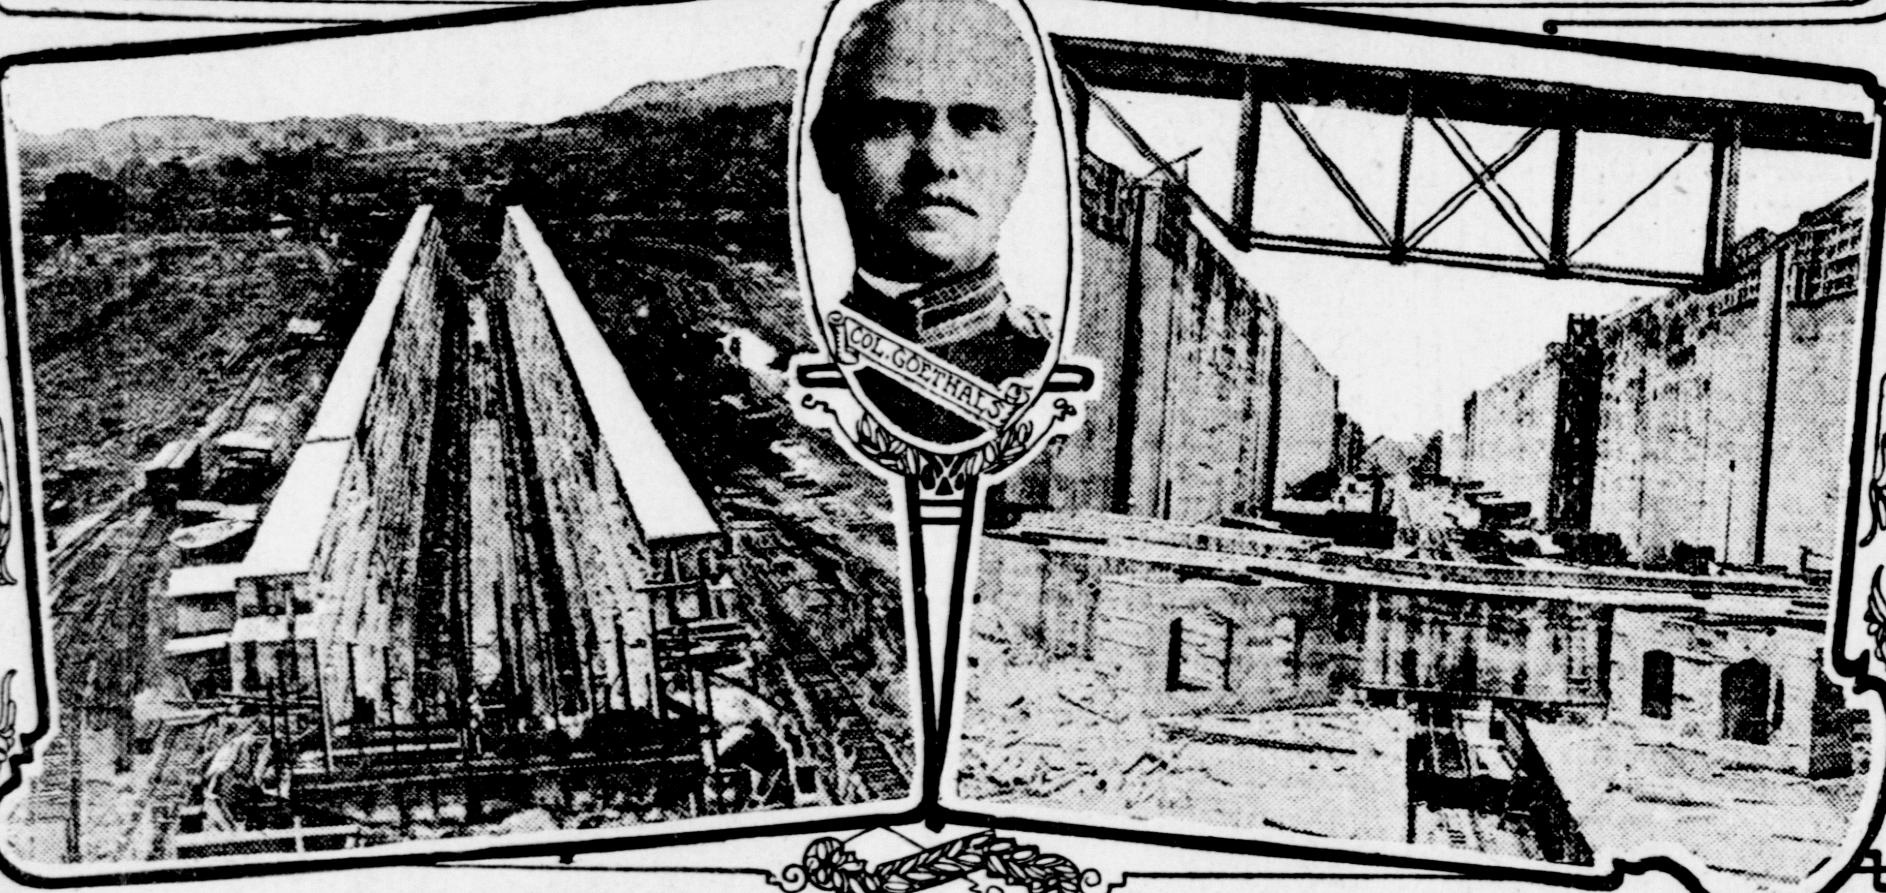

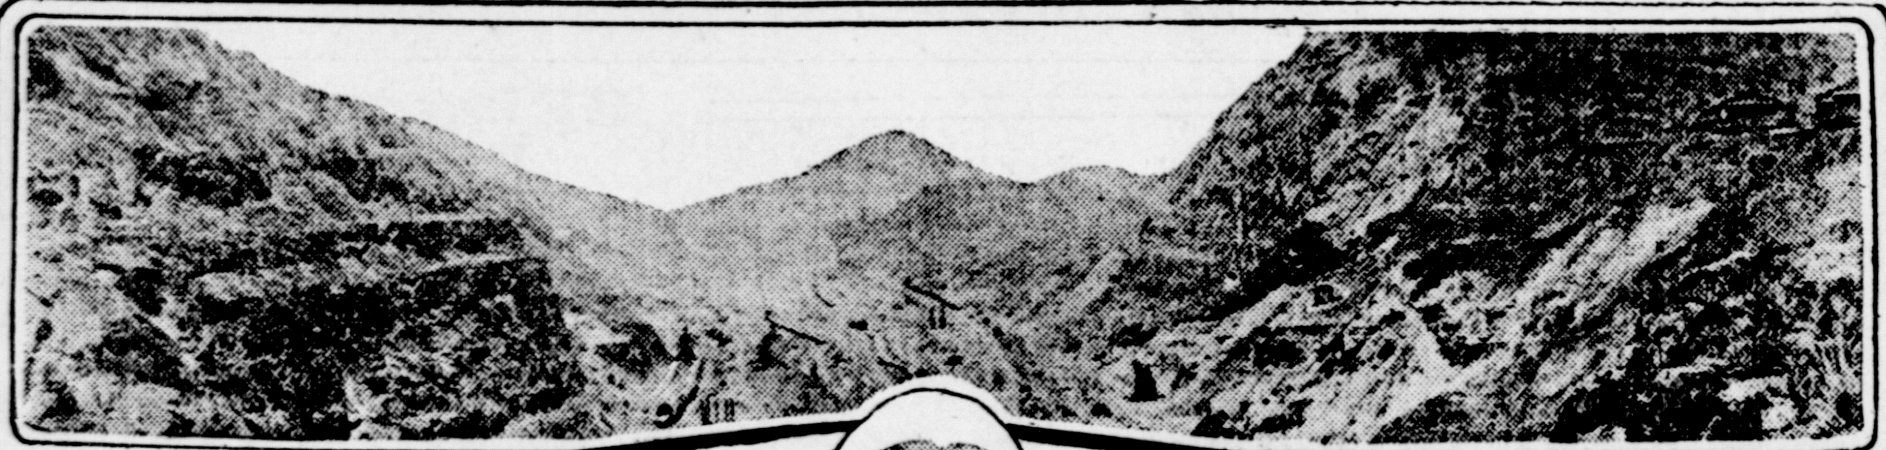

The Boston speed boys pulled the White Sox into fourth place again.

Ferry of the Pirates gave up only three hits, two of which went to wheat. Only six rubber plant agriculturists reached first.

The compass of conscience is subject to no variations!

## PANAMA CANAL AS IT LOOKS TODAY

Most recent picture of Panama canal showing the present work that is being done. Top panel shows the famous Culebra Cut as seen from the north. It was originally intended to make this immense ditch but 300 feet wide at the top. In view of the frequent landslides, however, it is now thought that this excavation will have to be doubled in width.

At lower left, birdseye view of the guide wall of the Pedro Miguel locks looking south. This picture with the one at the right, gives an idea of the varying geographical difficulties which the American engineers have to contend.

At right, upper chamber of the east lock at Gatun. The trestle across the lock in the foreground will be used in connection with the erection of the gates for the lock.

In center, Col. Goethals, chief engineer in charge of the construction.
